## 8. Exposure controls and personal protection

Additional information on the lay-out of technical plant

(see 7)

Components with workplace control parameters

The values and other data of TRGS 900 (Germany) must be observed.

Personal protective equipment

No special measures necessary

## 9. Physical and chemical properties

Form: firm

Colour: white

Odour: practically none

pH-value: not applicable

Change in physical state: not applicable

Flash point: not applicable

Explosion limits: upper: none lower: none

Ignition temperature: not applicable

Vapour pressure: not applicable

Density: not suggestive

Solubility in water: not suggestive

Viscosity: not suggestive

## 10. Stability and reactivity

Thermal decomposition

No thermal decomposition if used correctly

Hazardous reactions

No hazardous reactions if used correctly

## 11. Toxicological information

In our experience and according to information available to us the product is not harmful to health provided it is handled correctly and processed according to the given recommendations.

## 12. Ecological information

No negative effects on the environment reported

The product is free from cadmium, lead or mercury.

The plasticisers used do not effect disturbances in biological sewage treatment plants.

## 13. Disposal consideration

The product can be disposed with domestic waste in accordance with local regulations.
